

TUBELESS SEALANT

HIGH PERFORMANCE TUBELESS TIRE SEALANT

DESCRIPTION:

High performance tire sealant specifically designed for the tubeless systems of both mountain bikes and road bikes. The advanced formulation combines fast-acting polymers with suspended rubber particles to instantly seal punctures, providing a patch as durable as the tire itself. Developed with top professional teams, Tubeless Sealant is robust enough for the professional, immediately sealing punctures up to ¼” and long-lasting enough for the leisure rider, remaining functional for up to 6 months.

FEATURES & BENEFITS:

- Professional grade formulation
- Seals faster than the competition
- Forms durable seal that will not re-open
- Effective in all conditions and environments
- Safe on aluminum and carbon wheels
- Eco-friendly

APPLICATIONS:

For use on all mountain and road bike tubeless systems to prevent flats and seat beads. Can be used with aluminum or carbon wheels.
